Program Description:

The program is designed to support minority, women, LGBT, and veteran business development through direct assistance to nonprofit organizations in Wisconsin. The funding is intended to promote investment and job retention and creation in diverse communities and underserved markets by increasing access to capital and business development training opportunities.

Eligibility Requirements:

Eligible nonprofit grant applicants are organizations that provide business financing, training or technical assistance to the diverse business community. The recipient must demonstrate professional capacity, financial stability and viability, and a demonstrated need.

Incentives and Available Funding (FY22): \$500,000

The incentives in this program are grants to eligible nonprofit entities to provide technical assistance, training, and/or micro-loans to minority, women, LGBT, and veteran owned businesses.

Activities and Expected Outcomes:

Award seven organizations to support 80 businesses.

Performance Reporting:

Recipients will be required to submit periodic reports on the number of businesses assisted, as well as any other contract deliverable.

WEDC annually selects awards on a sample basis for an audit. All backup to the performance report is required to be maintained for the life of the award.

WEDC may impose additional reporting requirements to evaluate project performance and to ensure compliance with contract deliverables.

Application and Awards Process:

The DBD program has a continuous application process. Applicants for a DBD grant should complete an application through an Account Manager. The completed application will be assigned to an underwriter and go through the award review process.
