

About the Program:

- * Available at no-cost to approved participants.
- * Administered by a licensed veterinarian.
- * Makes investigative farm visits.
- * Works collaboratively with farm's local consulting team.
- * Coordinates diagnostic or laboratory testing.
- * Delivers final report of findings and recommendations.

Troubleshoots concerns such as:

- * Milk production
- * Milk quality
- * Diagnosing and managing disease
- * Investigating unexplained illness or death
- * Lameness
- * Water intake
- * Other herd health issues

**Have herd health concerns?
We can help!**

The Wisconsin Farm Center's Herd-Based Diagnostics Program provides veterinary consulting and diagnostic testing services to Wisconsin dairy farmers.

Wisconsin Farm Center
Phone: 800-942-2474
Email: farmcenter@wi.gov

How it works:

1

Farmer requests application by contacting Wisconsin Farm Center

4

Farm visit(s) to collect data and take necessary samples

2

Farmer returns completed application

5

Analyze farm data and lab testing results

3

Initial consultation with veterinarian

6

Delivery of final report
